

## ATTEMPT MADE TO DYNAMITE HOUSE AT MANHATTAN

CAMP OF EXPLOSIVES FOUND  
ON FRONT STEPS WITH  
FUSE PROTRUDING.

The following account of an attempt to dynamite a house in the red light district of Manhattan is taken from the Mail of that camp:

"To find a box of powder lying on the front steps of your residence, with a fuse protruding which showed that it had been ignited, is apt to make the cold shivers chase up and down one's spinal column. That was the experience of Margaret West yesterday morning.

"The box was one of those in which Hills Brothers put up their familiar brands of coffee, and sticking out from under the lid was about a foot of fuse, the charred end of which indicated that it might at least have been the intention of the person placing the package where it was found, to have it explode.

"Summoning the services of some one more familiar with infernal machines and their constituent parts than herself, an investigation of the package was made, which revealed that it was full of dynamite, the pieces being about half the usual length. Nicely coiled around the inside were two pieces of fuse, upon the end of each being a primer. The appearance of the infernal machine indicates that it has been made some time. Constable Santos was notified, and took charge of the box, giving it to Judge Heywood to be used as evidence later.

"Suspicion was directed to William Olson who had been in the house at a late hour the night previous and became incensed at the treatment accorded him by one of the inmates, stating that he would blow the establishment up. Olson has been heard to make the same threat upon previous occasions, but nothing was thought of it at the time, as he was in an intoxicated condition and has been drinking pretty heavily of late.

"He was taken into custody later in the day and will have a hearing when he is sufficiently sober to realize the gravity of the offense with which he is charged.

"It is little short of miraculous that the powder was not exploded and can be accounted for only by the supposition that the person placing it on the step was in too much of a hurry to get away to properly ignite the fuse. The contents were sufficient to have destroyed several houses and with them have gone three or four lives at least."

## DANCE OF THE MIDNIGHT SUN AT THE BUTLER

BEAUTIFUL DANCE WILL BE  
GIVEN TONIGHT—WITH  
VARIED COLORS.

At the Butler theater tonight the Desmond-Thompson Trio will make an entire change. Miss Lilian Desmond will do the dance of the midnight sun, in which she uses over two hundred yards of silk and will also have different colored lights thrown on her dress, giving the effect of a rainbow and will also show roses, lilies and different flowers while dancing. Miss Cecil Desmond and Mr. Thompson will do a singing and talking act, telling some new jokes and singing new songs. Our pictures for tonight are some of the best ever shown in Tonopah.

## TONOPAH MAN IS NOW PROUD FATHER

Howard Morgan, mining engineer at the Belmont, is in receipt of a telegram from Milwaukee that he is the father of a bouncing baby boy. Mother and child are doing nicely.

Tonopah favorites—the Desmonds at the Butler tonight. It

## CHAMPIONSHIP WRESTLING BOUT TO BE HELD JULY 1

Stanley House Will Meet Professor  
Braun at Nevada Theatre--Other  
Bouts During the Evening

Tonopah will have a great championship wrestling match on the night of the first of July as the main event of a big program to be pulled off on that evening at the Nevada theatre. This morning Sheriff Matley received the following telegram today from Stanley House of Nevada City in answer to an offer made this champion of the old California mining camp to meet Professor Braun. The message was as follows:

"Nevada City, Cal., June 13.  
"Ed Matley, Sheriff, Tonopah, Nev.: Letter and telegram received. Accept offer. Send round trip ticket.

STANLEY HOUSE.  
Stanley House is an Indian and has made a great reputation for himself as a wrestler in Nevada City, and his only defeat was at the hands of Professor Braun of the volunteer fire department of this city, who gained two falls out of three with the Indian in one of the most bitterly contested matches ever pulled off in California. Mr. House won the first fall of that event in 47 minutes, but lost the next two. It is claimed by the Nevada City papers that the local lad has improved a great

## CADETS RECEIVE THEIR DIPLOMAS

EIGHTY-THREE FUTURE ARMY  
OFFICERS TO GRADUATE AT  
WEST POINT.

WEST POINT, N. Y., June 14.—Secretary of War Stimson arrived here yesterday for the commencement exercises at which 83 cadets will be graduated tomorrow. He will deliver the diplomas and Major General Leonard Wood, chief of staff, will speak.

One hundred and fifty members of the Association of Graduates held their annual reunion yesterday and elected John Wilson, retired, president; Lieutenant Charles Branden, retired, secretary, and Professor Charles P. Echols, treasurer.

## ELKS WILL HOLD DANCE THIS EVE

The Elks will give another of their delightful dances tonight at their hall on upper Main street. The affair is invitational, each Elk being allowed an invitation for a friend not a member of the order.

This is the second dance of a series to be given by the order, and a delightful time is assured those fortunate to receive an invitation. Refreshments will be served.

## MANHATTAN MINERS' UNION ELECTS OFFICERS FOR TERM

The regular election of officers for the local branch of the Western Federation of Miners at Manhattan resulted as follows: Tom Reid, president; William Hess, vice president; William O'Brien, financial secretary; John Gillan, recording secretary. The old board of trustees was re-elected.

## WOULD LIKE TO HEAR FROM HER BROTHER

The Bonanza is in receipt of a letter from Mrs. A. W. Thomas of 1260 Fifth street, San Diego, requesting information as to the whereabouts of a brother by the name of Frank S. Dixon, last heard from at Rawhide. Also resided at Reno.

The Idora is cool and comfortable.

deal since the time of the last match and the natives are willing to wager some of their "high-grade" against the local stuff that the Indian will be declared the winner on the night of the third.

Professor Braun, who is the champion welterweight, will commence his training right away. In fact, the professor is never out of training, and says that he can be in the pink of condition inside of a week. Local boys who have been working with Braun say he is a wonder and will back him as a winner against anything in the welterweight class.

Besides this match for championship honors there will be boxing and wrestling by the local talent. The admission charged will go toward paying for our big Fourth of July celebration and a big crowd that will tax the capacity of the theatre is foregone.

Professor Braun is late of the Olympic club at San Francisco and has the distinction of being the only wrestler to win three championships in one night, having come out victor in the lightweight, welterweight and middleweight contests. The welterweight is 142 pounds.

## FREED ON CHARGE OF WIFE MURDER

NEW YORK CHAUFFEUR THEN  
REARRESTED ON CHARGE  
OF LARCENY.

NEW YORK, June 14.—Henry A. Scheib, freed yesterday on a charge of slaying his wife, and rearrested on a charge of larceny which specified that he had used his employer's automobile without permission, turned upon his accusers in court and preferred a charge of perjury against John B. Wyeth, owner of the car. The court announced that it would consider the complaint tomorrow.

Scheib's counsel based the perjury charge upon the original affidavit made by Wyeth that he knew of his own knowledge that his automobile had been taken by Scheib. Wyeth testified on cross-examination that of his own knowledge he knew nothing about the matter.

For neat commercial printing try the Bonanza job office.

## BASEBALL STARS ARE TRADED IN BUNCHES

Chicago, June 14.—Johnny Kling, the veteran catcher of the Chicago National League club, and three other members of the team were traded Saturday last to the Boston National League club in one of the biggest baseball deals of the year. Eight players were involved.

With Kling, Chicago gave Linton Griffin, a recruit pitcher secured from the Atlanta club of the Southern league; Alfred Kaiser, an outfielder, purchased from the Louisville club, and Henry Weaver, a pitcher who also came from Louisville.

In exchange Chicago received Ralph Good, outfielder; Clifford Curtis, a pitcher formerly with Milwaukee; "Peachey" Graham, the catcher, who will take Kling's place, and Outfield Eddie Collins. Graham formerly played with Minneapolis in the American association. The trade became effective immediately and Kling and Kaiser played their first game with Boston on Saturday.

The Butler, always cool and well ventilated.

It pays to advertise. What? The Idora!

## TODAY IS FLAG DAY OVER OUR VAST DOMAIN

ELKS WILL HOLD EXERCISES  
NEXT SUNDAY IN HONOR  
OF ANNIVERSARY.

Today is Flag Day, but the observation of the day seems to have been forgotten in this thriving mining camp. From the numerous flag poles two flags are thrown to the breeze, one over the fire house and the other over the county court house.

The latter has an interesting bit of history behind it, as related this morning by one of the old residents of Nye county. About all that is left of this historic flag is the azure blue ground and the stars which represented the states in the Union at the time the historic colors were presented to Nye county by Colonel Nye, after whom the county was named, long before the state was admitted to the Union as the battleborn state.

The Bonanza would suggest that the county dads get a glass case for this historic emblem and make an appropriation for a new one to adorn the court house on holidays.

The Elks will try to make retribution for the lack of observation today and on next Sunday at 10 o'clock at their hall, will hold exercises in honor of the anniversary of the day that Betsy Ross presented the national emblem we love so well to the nation, and which has always been carried to victory since it was first unfurled to the breezes.

## FOURTH GRADE REPORT FOR THE MONTH OF JUNE

The following is the report of the fourth grade for the month of June. This grade has been under the careful guidance of Miss Robb: Number of boys enrolled, 17; number of girls enrolled, 10; whole number enrolled, 27; average number belonging, 27; average daily attendance, 26; per cent of attendance, 96.

List of pupils promoted from the fourth to the fifth grade are as follows: James Campbell, Bryan Egan, Naurine Goldsmith, Robert Holmes, Elizabeth Lynch, Raymond McDonald, Elita Eko, Theodore Fottler, Ralph Hussey, William Hallahan, Mary McQuillan, Georgie Money, William Peck, Burdette Pollard, Milton Pollard, Luella Roberts, Walno Sparks, Edwin Smith, Mildred Swann, Alberta Turner, Arleen Dalzell, George Tadich.

## YOUNG COUPLE TO BE MARRIED HERE TOMORROW

AFTER HONEYMOON ON COAST  
WILL RETURN TO TONOPAH  
TO RESIDE.

Tomorrow morning at 7 o'clock at the home of R. T. Harris, Miss Gertrude E. Bagley will become the wife of Adolph Henry Schwinn, the Rev. H. L. Burnham, of the Presbyterian church, officiating.

The principals in tomorrow's wedding are members of the young social set of Tonopah and have hosts of friends who wish them nothing but happiness. The bride is a sister of Mrs. R. T. Harris and has been employed in the postoffice for some months, where her obliging and accommodating ways made the young lady friends of all who came in contact with the business of Uncle Sam.

Mr. Schwinn is a member of the office force of the Tonopah Mining company and during his residence in Tonopah has made a wide circle of acquaintances and friends.

The wedding will be a quiet one, only a few of the closest friends of the contracting parties being in attendance and after a wedding breakfast the young couple will depart on the morning train for a short honeymoon at San Francisco and Los Angeles before returning to Tonopah to make their future home.

## GOLDFIELD MAKES GOOD OFFER FOR BALL GAME

Two Hundred and Fifty Dollars Besides  
Expenses for Tonopah Boys to Play  
in Southern City on Fourth

The Volunteer Baseball team of Tonopah will probably play in Goldfield on the Fourth of July if a scheduled talk over today is carried out. The manager of the Goldfield team was over this morning to arrange a series of seven games, including one for Independence Day. The Goldfield boys claim that they have come to Tonopah for two Fourths to play ball and think that Tonopah should return the favors by playing in that city this year. The offer is a most liberal one and guarantees the local club \$250 besides expenses.

The schedule, as planned, starts

in Tonopah next Sunday with the Goldfield team coming to this city and the following Sunday Tonopah will make the trip to the southern city. Sunday, July 2, the boys from the Goldfield camp will play in this city, and the teams will alternate until the schedule of seven games is completed.

Baseball gossip from Goldfield is to the effect that the Consolidated Mining company of that city has fixed up the ball grounds for the local team in better shape than they have ever been before and that the treasury has been placed in a healthy condition by the same company.

## CARBOLIC ACID CAUSE OF DEATH

WIFE OF PRINCIPAL OF CHICAGO  
SCHOOL COMMITTED  
SUICIDE.

CHICAGO, June 14.—Carbolic acid, taken with suicidal intent, caused the death of Mrs. Mattie Minard, wife of Charles Minard, principal of a Chicago public school, according to the verdict of the coroner's jury late yesterday afternoon.

In explaining his mysterious absence from home the night his wife died, Professor Minard said that he had gone to Wisconsin on business, and that he made efforts to notify his wife before his departure.

Professor Minard also testified that his wife brooded over the death of a 12-year-old son, who died about ten years ago, and he believed that she drank poison while mentally depressed.

## NEW TEAM AT IDORA TONIGHT

COMIC OPERA THAT HAS WON  
PRAISE ALL OVER THE  
COUNTRY.

The Idora was crowded again last night to see the Giffain Trio in their farewell performance and some of the best film pictures yet shown by this popular playhouse.

Tonight Reese and Alfrey Sisters will make their first appearance, and from the press notices in the papers all over the country, the team must be a crackjack. The turn is in the nature of comic opera and there will be music and singing galore. On account of this act being an extraordinary long one the overture will start promptly at 6:45 p. m. and the selection will be: "Gems from the Opera Amoretta."

The pictures this evening will be the finest ever shown in Tonopah. This playhouse is thoroughly cleaned each day and is also the best ventilated theater in the city. The Idora will not give matinees during the warm weather except on Saturday and Sundays, but will pay particular attention to large and up-to-date performances in the evening.

## LEYLAND LINER ON FIRE ENROUTE FROM NEW ORLEANS

ANTWERP, June 14.—The Leyland Line steamship Oxonian, Capt. Bacon, of 4000 tons, from New Orleans, via London, for this port, is reported to be on fire off Waarde, in the Scheldt. The fire is astern and is serious. The vessel has anchored off Fort Brath, on the Dutch side of the estuary.

Only high-class acts at the Idora.

## FREIGHT TRUCK FOR MANHATTAN

WILL BE CAPABLE OF HAULING  
THREE AND A HALF TONS  
EACH TRIP.

A substantial improvement in the transportation facilities now afforded Manhattan will be in effect in the course of a week and the camp will have the distinction of having the only auto freight service in the state.

The project is being promoted by Jack McDade, who has been conducting a fast freight line for some time. With him is T. J. Griffin, who has been in the business in Southern California, the two having carefully canvassed the situation the past week. Mr. Griffin left for Los Angeles Thursday last week and will start on his return trip tomorrow with a three and one-half ton truck, expecting to be in Manhattan next Saturday night with his first load. Daily round trip will be made, the present schedule being to leave Tonopah in the afternoon, arriving in Manhattan early in the evening and returning the following morning.

A rate of \$1 per hundred will be charged on all classes of merchandise and passengers will be carried on the return trip.

The new service will be of great benefit to local dealers in fruits, vegetables and perishable food-stuffs, as it will enable these articles to be brought in at a reduction of two cents a pound and at practically the same hour as at present.

Some strenuous competition may be looked for as the result of the new competitor for business and it is possible that transportation may be placed at a figure that will induce people to make the trip who now consider the rate prohibitive.

It is certain that there was a considerable increase in transient traffic during the time the auto fare was down to \$5.—Manhattan Mail.

## NEVADA FACTORY COMPLETES A SADDLE WORTH \$750

WINNEMUCCA, June 14.—The Goldberg-Staunton factory has just turned out a magnificent silver mounted stock saddle, which shows the efficiency of the workmen employed. The saddle is an exquisite piece of workmanship, made in black stamped leather by A. Domingues, and covered most artistically with flagree silver set with precious stones. Across the cantle there is an American eagle of engraved silver. The silver work was all done by John Estrada, an expert silversmith. The saddle is valued at \$750. On account of its expensiveness the saddle is to be raffled.

## QUALITY IN MILK.

Is milk that is clean, that will test 4 per cent and test it every day in the year; milked from healthy cows; handled in a sanitary dairy and stable. We have the quality. TONOPAH DAIRY.
